

Hi Holly,

Here are the places where "all or any" California tribes are used in the document without the clarification that it is those tribes that are on the NAHC contact list created for SB 18:

Page 2, "The purpose of this advisory is to provide guidance to lead agencies regarding recent changes to the California Environmental Quality Act requiring consultation with **California Native American tribes** and consideration of tribal cultural resources."

Footnote 1: "respecting the interests and roles **of all California Native American tribes** and project proponents ..."

Page 3, III. Summary of New Requirements for Consultation..." paragraph 2: To help determine whether a project may have such an effect, the Public Resources Code requires a lead agency to consult with **any California Native American tribe that requests consultation...**"

Bottom of page: "(6) Recognize the unique history of California Native American tribes and uphold existing rights of **all California Native American tribes** to participate in, and contribute their knowledge to, the environmental review process pursuant to the California Environmental Quality Act..."

Rob
